

North Carolina Strategic Conservation Planning

TABLE OF CONTENTS

EXECUTIVE SUMMARY

1. INTRODUCTION

2. NEED FOR STRATEGIC CONSERVATION PLANNING

- Threats to our Natural Landscape
- Strategic Conservation Planning Benefits
- Valuing Ecological Benefits
- Assessing Ecological Benefits
- Essential Ecosystem Resources

3. STRATEGIC APPROACH TO CONSERVATION PLANNING

- Identifying Essential Natural Resources
- Evaluation of Ecosystem Resources and Functions
- Assessment Development Process
- Conservation Decision Support

4. BIODIVERSITY AND WILDLIFE HABITAT ASSESSMENT

- Introduction
- Methodology
- Basis for Ranking
- Maximum Ranking Approach
- Data Sources and Ranking

5. OPEN SPACE AND CONSERVATION LANDS ASSESSMENT

- Introduction
- Data Sources
- Planning for Expansion of State Parks System
- Other Future Open Space Needs

6. WATER SERVICES ASSESSMENT

- Introduction
- Methodology
- Basis for Ranking
- Data Sources and Ranking

7. FARMLAND PRESERVATION ASSESSMENT

- Introduction
- Methodology
- Basis for Ranking
- Data Sources and Ranking

8. FORESTRY LANDS ASSESSMENT

Introduction

Methodology

Basis for Ranking

Data Sources and Ranking

9. MARINE AND ESTUARINE ASSESSMENT

Methodology

Data Sources

Basis for Ranking

10. THREATS ASSESSMENT

Landslide Hazards

Climate Change

Population Growth Patterns

Exotic Species

11. RESTORATION OPPORTUNITIES

12. COORDINATING LAND USE AND CONSERVATION EFFORTS

13. IMPLEMENTATION OF CONSERVATION PLANNING TOOL

APPENDICES:

Appendix A: Essential Ecosystem Resource Assessments (diagram)

Appendix B: Data Sources

1. Biodiversity and Wildlife Habitat
2. Open Space and Conservation Lands
3. Water Services
4. Farmland Preservation
5. Forestry Lands
6. Marine and Estuarine Resources

Appendix C: Relative Data Layer Ranking

1. Biodiversity and Wildlife Habitat
2. Water Services
3. Farmland Preservation
4. Forestry Lands (pending)
5. Marine and Estuarine Resources (pending)

Appendix D: Landscape Habitat Indicator Guilds

Appendix E: Technical Documentation

1. Biodiversity and Wildlife Habitat
2. Water Services (pending)
3. Farmland Preservation (pending)
4. Forestry Lands (pending)
5. Marine and Estuarine Resources (pending)

Appendix F: References

Appendix G: Metadata (pending)
